

DISTRICT COURT ONLY FORMAL ORDERS

Decree Granted in Stearns Divorce Case. Mining Company Litigation.

In the district court session yesterday action was taken in only a few cases. That of the Dorris Heyman Parlatore Co. versus W. T. Linville was continued for one week. In the case of Mary E. Stephens versus N. W. Haggard, the hearing of a demurrer was continued for one week, and the same order was made in the case of Charles F. Berger versus H. P. DeMund.

The hearing of a demurrer was also continued one week in the case of the territory versus A. A. Waterman & Co., the territory being represented by Attorney General Clark. This is a suit to dissolve the company on the ground that it had failed to comply with the law in the appointing of a territorial agent on whom service could be taken.

A decree of divorce was granted in the case of Harriet F. Stearns versus Robert Stearns.

The only other case considered was that of Gibson Taylor et al versus the Alta Mining and Smelting Co. et al in which there were several orders. It is a case brought from Pima county on change of venue. Motion to strike a portion of the answers of the individual defendants, previously submitted on briefs, was granted. Motion to strike the answers of the defendant corporation from the files, heretofore submitted on briefs, was granted. Motion to compel the defendants to produce documents, heretofore submitted on briefs, was denied. Motion to strike from the files the complaint in intervention, previously submitted on briefs, was granted.

The suit is rather an intricate one involving a quarrel among the stockholders concerning the handling of the company's stock. The original complaint alleges that the company owns sixteen mining claims in the Mineral Hill district of Pinal county. The plaintiffs are Gibson Taylor, G. W. Quinby, L. H. Sherman, H. A. Austin, and J. C. Ferrall and the defendants are the company and H. W. Augustine, H. P. Clough, L. A. Wood and Mrs. Wood, the gentlemen named being of the directorate of the company and Mr. Clough being the secretary. Thomas F. Wilson of Tucson is named as the legal agent of the company. The complaint alleges that the plaintiffs own over 1,400,000 shares of the company's stock; that on Feb. 5, 1906, there were yet two and a half million shares in the treasury or more and that the company desired to sell more stock to raise money for operating the property; that at that time Charlie V. Blawett, a stockholder, offered to sell 1,061,250 shares for \$4135, which was less than the price of the treasury stock; that the company had no money but desired to buy this stock to remove it from competition with the treasury stock and that Secretary Clough advanced the money and it was

A Reasonable Plea For the Stomach

If Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do its Work—Especially When it Costs Nothing to Try?

Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments, and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.

Stuart's Dyspepsia Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.

Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.

Chemical Laboratory. Telephonic address, "Diffindo," London. Telephone No. 11629 Central, 29 Cullum St., Finchchurch St., E. C.

London, 8th Aug. 1905.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets (which I bought myself at a city chemist's shop for the purpose), and am of the opinion that they are admirably adapted for the purpose for which they are intended.

(Signed) John E. Brooke, F. L. C., F. C. S.

There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly reliable and harmless to man or child.

Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy one grain of these tablets being strong enough (by test) to digest 3,000 grains of stale, eggs and other foods. Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

bought; that later the company continued to sell stock, some of it being the Blawett stock and that Clough's loan was paid back; that not all the Blawett stock was turned into the treasury and that \$76,250 shares of it were issued to the individual defendants or upon their order to their friends, which gave them the control of the company. Judgment was asked originally that they be restrained from voting that stock at a meeting to have been held last fall and that they be made to turn the said stock into the treasury after the final hearing. After that came the intervention and various motions that complicated the case beyond the ken of all save those interested or who take the trouble to study it out.

CASTLE HOT SPRINGS HEIGHT OF THE SEASON

Nearly Every Room of the Hotel Now Filled and Guests are Still Arriving.

Nearly every room at this popular resort is now occupied, and with other guests coming, it is beginning to be a problem with the management to find a place for everybody.

The surrounding country is beautiful with its new carpet of green and trees with the blossoms of spring. Picnic parties to some of the many points of interest are much in evidence and riding over the trails by moonlight is much enjoyed by those who participate in the fascinating sport.

Many are taking the baths in the hot pools and indulging in the luxury of a plunge in the new cool pool every day. To those who reside in the colder parts of the country a swim out of doors in the winter is a rare treat.

Hon. N. O. Murphy chaperoned a party of eighteen bachelors over the new Murphy trail yesterday. A most enjoyable time was reported.

Among the recent arrivals are Mr. and Mrs. S. T. Douglas, Miss Marion Douglas and maid and Dwight Douglas, Detroit, Mich.; Hon. Min. Morgan, Holbrook, Ariz.; Mr. C. C. Clawson, Warren, Ohio; Mrs. H. Oakes and Master Marion Oakes, New York City; W. H. Forsythe and Thomas Forsythe, New Haven, Conn.; W. H. Palmer, Wendendale, Ariz.; Geo. A. Pope, Chicago; W. C. Bushford, Prescott, Ariz.; Mrs. Dwight R. Phelps, Master Russell Phelps Kelly, Mrs. A. J. Vyse and daughter, Frances, and maid, Chicago; Mrs. Chas. Seliger, Cincinnati; Miss Florence Lowry, Joliet, Ill.; Mrs. R. J. Lutzgerding, Phoenix; Miss May F. Trumble, Cambridge, Neb.; H. N. Cox, Morristown, Ariz.; Burden Gaylord, Los Angeles; Wallace Fairbank, Prescott; Mrs. W. H. Forsythe and son, New Haven, Conn.; Mr. and Mrs. M. W. Sawyer, Milford, Me.; J. C. Dobbins, Phoenix; Mr. A. L. Burr and Misses Burr, Bement, Ill.; E. M. Barton, New York; A. W. Edwards, Prescott.

"Everybody seems to be here for his health," remarked the new arrival at Hot Springs. "Yes, everybody but the hotel proprietor," replied the guest who had been there three days.—Philadelphia Record.

Fortune sometimes knocks at a man's door only to find that he has gone out to seek her.—Philadelphia Record.

Where the 'Prairie Breezes Blow

The unchanging mountains greet me—
They have lured me to their side;
Scas have called me with their voices
Or their waters wild and wide.
And the desert, gray and arid,
Has a charm that holds me yet.
But there still are other vistas
That I never can forget;
And sometimes, in my reflections,
Eagerly I long to go
Back to childhood's realm enchanted
Where the prairie breezes blow.

I recall the hills and valleys,
Wooded slopes and level plains,
Clothed in summer's richest verdure
By the frequent, plentiful rains.
Then—the grandeur of the autumn,
And the splendor of the trees!
Solomon in all his glory
Was not robed like one of these!
Dazzling was the winter brightness
Of the sunlight on the snow,
Or the pendant, icy jewels—
Where the prairie breezes blow.

Bare the charm of rock and river,
As in the woodland ways we strolled,
And in every glen and grove
Sought for treasures new and old,
Or, upon the wooden foot-bridge
Dallying with line and hook,
Saw our faces, like Narcissus,
In the mirror of the brook.

Life's best nectar filled my goblet
In the days of Long Ago,
And the fields were all elysian
Where the prairie breezes blow.

FINANCIAL SUCCESS THE POULTRY SHOW

Large Attendance Yesterday. Birds Will Not Be Removed Until Monday Morning.

The poultry show was well attended yesterday and the management is very much elated with the success of it. It is announced that it is a financial success and will give the association a fine start. The awards had all been made and the ribbons of the prize winners very greatly enhanced the scene.

Concerning the work of Judge Purdy of Los Angeles, which has been very satisfactory, it is announced that his services were secured at an expense of \$120. It was thought much better to pay a reasonable price and get the services of a man of acknowledged ability who could have no personal interests to favor.

The silver cups given as special prizes will all be photographed and the pictures will be engraved for use in the catalogues of subsequent shows, for the winning of these cups at the present show is only the first heat. To retain them an exhibitor must win the competition in at least two exhibitions. The next competition will probably be on the occasion of the third territorial fair.

The large attendance yesterday and last evening naturally prevented the owners of exhibits from taking their birds away last night until the hour was too late to make the work a pleasant task, and as today is Sunday it is not likely that anybody will care to be carrying their chickens away today, and arrangements were made to permit the birds to remain until Monday. Undoubtedly many will improve the opportunity of going there today to take a peep at them.
